Western Washington University is a dynamic, innovative public university ranked among the best in the Pacific Northwest. Western is recognized for excellence in undergraduate education, an increasingly diverse learning environment and a strong sense of community. Students choose Western for the top-notch academic quality, size, location, success of graduates and affordable cost.

ADMISSION CRITERIA

Admission to Western Washington University is selective, as the number of qualified applicants exceeds the number of available enrollment spaces.

Transfer: Western welcomes transfer students in all majors and from all types of colleges and universities. A transfer student is someone who has attempted college credit after graduating from high school or earning a certificate or diploma of high school equivalent (such as the GED). Academic achievement is the most significant factor in the application review. Clearly defined academic goals, completion of major prerequisites and related experiences, number of transfer credits, contributions to and/or experiences with multiculturalism, special talent, personal circumstances, and space availability are also considered. Transfer applicants with fewer than 45 transferable credits at the time of application must meet freshman admission requirements, submit a final high school transcript, and send SAT or ACT test scores (scores required only for students under age 21).

Post-baccalaureate: Proposed program of study, preparation for major, cumulative academic record, related experience, space availability and clarity of academic and career goals are the most important factors considered in the application review. All post-baccalaureate applicants are encouraged to contact their intended academic department before applying for admissions and must include a detailed Statement of Purpose with their application for admission. Students planning to pursue teacher certification must apply simultaneously to Woodring College of Education.

Freshman: High school students, including those earning college credit through Running Start or other College in the High School programs, should use the freshman application. Freshman applicants must submit an unofficial high school transcript or certificate or diploma of high school equivalent (such as the GED) and SAT or ACT scores. The most important criterion in the selection process is demonstrated academic achievement, including grade point average, quality and rigor of course work, grade trends, and SAT or ACT scores. Activities, leadership, special talent, multicultural experience and individual circumstances are also considered. Applicants are encouraged to pursue academic course work and advanced study beyond the minimum high school course requirements. Find more information at admissions.wwu.edu/apply.

DO NOT USE THIS APPLICATION IF YOU ARE A:
- Freshman (including Running Start) applicant
- Former/returning Western student
- Graduate School applicant
- International applicant
- Summer-only applicant

Go to admissions.wwu.edu/apply to determine which application is right for you, or call the Office of Admissions at (360) 650-3440.

4. Demographic Data

In accordance with Washington State law, Western Washington University does not use race, sex, color, ethnicity, or national origin in admission decisions.

Western Washington University is required by law to report aggregate demographic data to the U.S. Department of Education and other federal and state agencies. In addition, this information may assist in the awarding of privately funded scholarships.

- **Female** 
- **Male**

Western recognizes that people may identify their gender in non-binary ways. Currently, our student information system only provides two binary gender fields. We are aware of this limitation and are working to expand the possible ways for individuals to identify their gender in Western’s records. Enrolled students have the ability to change their gender marker through the Registrar’s Office. For purposes of housing, please contact University Residences at housing@wwu.edu if you have questions.

10. Essay Questions

We believe that ability, potential and success are not measured exclusively by grades. Western values the diverse experiences and perspectives that make you unique. Your essay response will help the Admissions Committee learn what is important to you and what qualities you would bring to Western’s community. A response to Question #1 is required, and you may respond to more than one question if applicable. We recommend 300-500 words per question (this is not a firm limit but a recommended range).

Required:

1. Tell us about your educational and/or professional goals. What are you interested in studying and why? Describe any steps you’ve taken to prepare for your intended major, related life experiences, enrichment activities, future plans, etc. In addition, feel free to address what makes Western Washington University a good match for your interests.

Optional:

2. Western benefits from a student body whose energy and interests extend beyond the classroom. What interests or significant activities enrich your life?

3. Describe any special circumstances or hurdles that have challenged you personally or academically, and steps you have taken to move beyond those challenges.

Post-baccalaureate Applicants: Statement of Purpose. All post-baccalaureate applicants are required to submit a statement of purpose that addresses the following items.

1. Why are you pursuing further studies? What are your long-term academic and professional goals? Describe your related experience or preparation – either academic or experiential. Be as specific as possible.

2. After reviewing the requirements for admission to your intended academic program, including course prerequisites, how prepared are you to begin your program? If you need additional prerequisite courses or otherwise do not meet admissions requirements, what specifically are you lacking? List the courses you plan to take as well as how many academic quarters you plan to enroll.

3. Why is it necessary for you to enroll at Western? Do other four-year universities or community colleges offer what you need at this time? Can you meet your goals as a non-matriculated student, attending classes on a space available basis?

4. If you are seeking admission to an undergraduate program with selective admission criteria, are you assured departmental admission? Because capacity is an important consideration, please detail any information or advising you have received from the department.

11. New Student Scholarships

The Admissions Scholarship Committee awards scholarships based on information provided within your application for admission and does not require an additional scholarship application. Students are encouraged to submit the Free Application for Federal Student Aid (FAFSA), or WASFA, prior to the January 31 priority deadline, as some scholarship criteria include financial need. Information about new student scholarships is available at admissions.wwu.edu/scholarships.

Students requesting consideration for the following scholarships must indicate their interest and include a written response.
